Where the Industry's Next Generation of Rising Managers and Executives Expand Their Skills to Become Tomorrow's Top Leaders

WHAT IS CLD?

The WSWA Council for Leadership Development (CLD) brings together the rising leaders in the wholesale tier. Over the past 65+ years, this group and conference have evolved but the main focus of the council remains the same: provide a space for the future leaders to share ideas, learn about industry topics and trends, develop and improve leadership skills, and to network with the alcohol industry's future leaders.

CLD provides many opportunities for our alcohol industry's next generation of leaders and rising managers including:

- Building an educational foundation of essential policy, legislative, regulatory, marketing and trend information needed to advance in your career;
- Making connections with wholesaler, supplier and service provider peers—as well as current industry leaders, speakers, panelists and the WSWA staff/leadership team;
- Enhancing leadership skills and fine-tuning technology and management abilities.

Since 1993, over 1,500 wholesaler executives have attended the WSWA CLD Conference. Many have gone on to lead divisions and even run their respective companies, while also holding leadership positions within the WSWA Board of Directors and Executive Committee.

WHAT IS NEXTGEN SUMMIT?

NextGen brings CLD back to its roots and provides a platform for the next generation of wholesaler owners and presidents, both family and non-family members, to engage with their peers from companies across the country. The programming is focused on high-level, executive, and strategic conversations revolving around industry issues and hot topics.

With the smaller group of 35 attendees (mostly family members) our attendees have the opportunity to have in-depth discussions on these issues, ask strategic leadership questions, and engage with their peers in ways they would not have been able to at past conferences.

NextGen Summit is a one and a half day event which takes place in addition to the traditional CLD Conference where rising leaders in each of the wholesaler member companies are invited to attend.
